

AP 4081 - Alternate High School Programs

Chemeketa Community College supports a number of options and alternative programs for high school students to complete high school and/or earn college credits through agreements with school districts within the Chemeketa district.

These programs may be offered through contracts with individual school districts or with consortiums of school districts. All contracts for services will be approved and signed as per existing college contract policies and procedures.

Criteria and requirements for all programs will be approved by the vice president/chief academic officer or designee.
