RE: Cancellation of Invitation to Bid (ITB) #2009 On-call Low Voltage Services

As per OAR 137-049-0270, the college has determined that it is in the public interest to cancel "ITB #2009 On-call Low Voltage Services".

An administrative error occurred in the solicitation process. At this point it has not been determined as to whether or not the college will exercise its right to reissue the solicitation.

The college will return all electronic Bids it received to the Bidder's unopened via email.

As per OAR 137-049-0330, the Bids will not be available for public inspection as no Intent to Award will be issued.

Sincerely,

P. Kevin Walther
