Introduction

At Chemeketa Community College we are committed to transforming lives and communities through exceptional learning experiences. It is one of our promises to actively encourage and support successful transition from high school to college and university study. Chemeketa’s College Credit Now program is one opportunity that has been proven effective for most students to increase chances of successful participation and persistence in community college and university settings.

Consistent with the accelerated learning standards adopted by the Higher Education Coordinating Commission, all high school-based accelerated learning offered by Chemeketa Community College will align with the standards of one of the three currently approved programs: Dual Credit, Sponsored Dual Credit and Assessment-Based Learning Credit. Chemeketa is currently offering two forms of Accelerated Learning, Dual Credit and Sponsored Dual Credit.

Dual Credit:

Chemeketa’s College Credit Now (CCN) was recognized as a state approved program in 2012 and continues to operate under the current Dual Credit standards as a state approved program.

In Dual Credit courses, the high school teacher is qualified to act as a proxy faculty member for the college or university when teaching the course. These courses are sufficiently similar to enable the student to be described as “taking a course” from the postsecondary institution. Dual credit students enroll in the college course and grading and transcription is consistent with those of like courses, at the college or university. (Credit may also be granted by the high school toward graduation requirements, as appropriate.) Oregon Dual Credit Standards.

Sponsored Dual Credit:

In Sponsored Dual Credit courses, a high school teacher partners with a sponsoring faculty member at a college or university to offer the course. These courses are sufficiently similar to enable the student to be described as “taking a course” from the postsecondary institution. Sponsored Dual credit students enroll in the college course and grading and transcription is consistent with those of like courses, at the college or university. Oregon Sponsored Dual Credit Standards.

College Credit Now is proud to partner with school districts from around the state to provide this exceptional learning opportunity to eligible students. As we look to the future, we strive to meet the diverse learning needs of Oregon students with a focus on equity outcomes to identify and reduce disparities in student access and success.

Program Evaluation

The College Credit Now program is continually looking to improve and better serve its stakeholders. One tool that is used to gather feedback from students to guide program improvements is the end of term student course evaluation. The survey consists of 12 questions which were created in collaboration with dual credit coordinators from around the state to implement a common set of questions through which programs could consistently compare responses. This tool helps all programs meet the state standard for evaluation that is required for all programs offering high school-based college credits. The evaluation standard for Dual Credit programs is:

The college or university conducts an end-of-term student course evaluation for courses offered through the Dual Credit Program. The course evaluation is intended to influence program improvement rather than instructor evaluation. Names (of the instructor or students) should not be included in the evaluation.

2021-22 was the fifth full year that CCN gathered responses to these 12 questions which were distributed through an online survey to all students enrolled in a CCN course. Highlights from the feedback are described below.

Total number of student responses to the survey: 460

Question 1- What High School do you attend?

School with the highest number of respondents: McMinnville High School

Question 2- What is the Chemeketa Course ID?

Course ID with the highest number of respondents: MTH111

Question 3- How did you learn about this course being dual credit?

A majority of students indicated that they learned about this course being offered for dual credit from their teacher.

Question 4- Did the instructor explain how the course was a dual credit high school and college course?

99% of respondents indicated yes

Question 5- Were the student registration and enrollment instructions provided to you easy to follow?

95% of respondents indicated yes

Question 6- Which of the following Chemeketa Community College resources did you access?

Question 7- Do you feel that you understand how this college credit will be a benefit to you?

Question 8- Did you receive a course outline or syllabus from your instructor detailing the course expectations, outcomes, grading procedures, and dual credit information?

93% of respondents indicated yes

Question 9- As a result of taking this dual credit course I: (check all that apply)

Question 10- Was the course outline or syllabus clear and useful?

95% of students indicated yes

Question 11- How did the work in this class compare to other college-level or advanced courses you've taken such as AP or IB?

52% of students indicated that their course was about the same in terms of work and effort

Question 12- Would you recommend this course to others?

98% of students indicated yes
